FILE SUBMISSION

If you have a big size file please upload artwork using a file transfer service like yousendit (www.yousendit.com). Name the file so that it can easily be identified as yours. For example: "CompanyName_designName.pdf".

To ensure your satisfaction and the timely completion of your order, please note the following:

We gladly accept PC and Mac compatible files in the following applications and their earlier versions

Applications we accept:

 Layered Acrobat PDF® (VECTOR)

 Adobe® Illustrator®

EPS Encapsulated Post Script®

300 dpi or more at final print size for the following formats:

 Adobe® Photoshop® (LAYERED)

TIF Tagged Image Format®

Applications we DON'T accept:

Word®

Power Point®

Publisher®

Excel®

Page Maker®

Leave all artwork in layers. Jpegs are generally not acceptable for quality reproduction work. Files that do not meet these specifications are subject to artwork charges after review. To prevent delays, please provide all supportive file materials required to reproduce your job, including fonts (outline or rasterize your fonts) and assign desired pantone colors (Solid Coated) when able.

DESIGN TO FINAL PRINT SIZE

Please submit your art files sized to your intended print size. We recommend that you design artwork at the final size rather than scaling it up as the last step.

MAXIMUM PRINT SIZE (width x height):

- Adult unisex garments: 16" x 16"
- Fitted women's garments and youth shirts: 11" x 15"
- Women's boy-beater tank tops and toddler: 9" x 12"
- Infant garments: 6" x 8"
- Sleeve prints: 4" x 16"

If you have any questions about your artwork please contact our art department.
